Subject: Olin Residential Sampling Table

ATTACHMENT: Olin dw wells Data Tables.xlsx

Hi Jim - attached please find the summary table for the residential sampling data as we currently have in house (Nobis has done 3 oversight rounds, but Olin has sampled at other times - we have the data for some of this sampling). The table does have some property gaps as you will see - All yellow highlighted "NA" are presumed, based on the fact that Nobis does not have any data. "NA" without highlighting are confirmed on at least one of the many sources we looked at. Green highlighting is for the samples reported as collected, but Nobis has not seen any results. Please let me know if you have any questions on this. Heather
